

Copper Cannon Alumni

Our most important resource is our alumni and maintaining that connection is vital to our success as an organization. All too often we lose contact and find ourselves searching for people who would enjoy a continued relationship with Copper Cannon.

Sharing the magic of the camp experience rekindles the memories and stories we hold so dear. Think about the time you ran in to a past camper or staff. How you laughed about some of the silliest things in the world. Your time spent at Copper Cannon has molded you into what you are today.

I am asking for your help to make Copper Cannon a success for today's youth and tomorrow's leaders. There are a number of ways you can be involved with the program today.

Ways you can help:

- Share your photos and stories. Currently Copper Cannon's dining hall is void of old photos and memorabilia. We would like to be able to share the rich history of Copper Cannon with everybody. We are looking for old photos suitable for framing you would like to donate. As we work on putting together another issue of the Powder Keg newsletter, stories from past staff and campers are being collected. These can be e-mailed to us in a word document.
- Join us for our spring volunteer work weekend to help get camp ready for the upcoming summer.
- Volunteer this summer on arrival and departure days to help greet parents and campers.
- Join our alumni committee to help Copper Cannon to continue to grow and prosper.
- Donate to Copper Cannon. Your donation can be goods, services or financial assistance. (link to equipment needs)
- Sponsor a child to attend a week at Copper Cannon.

For more information or to receive our newsletter contact us at Copper Cannon. We can be reached at 603-823-8107 or ccoedcenter@anotchabove.com
